Digital Marketing

SCQF LEVEL 6 MODERN APPRENTICESHIP

Use online and social media platforms to design, build and implement campaigns and drive customer sales.

Introduction to the course

The purpose of digital marketing is to market products or services using various channels to reach consumers. Typically, this type of marketing can involve the use of Search Engine Optimisation (SEO), email marketing, social media marketing and leveraging the power of mobile devices.

The primary role of a digital marketer is to use their communication skills, creativity, innovation, IT ability and knowledge of new media to design, build and implement digital campaigns to drive customer acquisition, customer engagement and retention.

A digital marketer will typically be working as part of a team, in which they will have responsibility for some of the straightforward elements of the overall marketing plan or campaign. The marketer will work to marketing briefs and instructions.

Learner outcomes

The programme is split into 3 'themes' which are:

1. Fundamental skills of digital marketing

- 2. Social media and other marketing channels
- 3. Measuring your return on investment

In addition, you will develop other workplace skills including:

- Communication
- Working with others
- Problem solving
- Information and Communication Technology
- Numeracy

Assessment

Assessment will be conducted through:

- Professional discussions
- Personal statements
- Work based projects and Q&A
- Workplace observations
- Witness testimonies

A good fit for

Those individuals that have no experience but wish to begin a Digital Marketing career.

What's next?

This qualification will enable learners to progress to higher-level qualifications as their job role develops or changes.
